Tuguegarao City

Madam:

With the global development of the Corona Virus Disease outbreak, the psychological issues which accompany this pandemic have rapidly compounded its public health burden.

As a result of physical distance measures implemented in response to COVID-19, Higher Education Institutions' have shifted to an emergency online learning format, which would be expected to further exacerbate academic stressors for students'.

It is in this light, that as Sectoral Representative for Health and Education of the National Economic Development Authority Region 2, I would like to propose the conduct of a webinar dwelling on the topic : **"Understanding the Mental Health of Students' on Distance/Remote Learning Set-up on September 29, 2020 at 10:00 am to 12:00 noon** to be participated in by School Principal, Head of Student and Guidance Services of Elementary and High School in Region 2. This is to be presented by MCNP-ISAP in our continuous effort to collaborate with the Department of Education as partners in preparing our students ready to adapt to the new normal trends in education.

Thank you very much.

Sincerely yours,

CHRISTIAN R. GUZMAN, MBA
