Advanced Statistical Analysis using JASP & Jamovi (September 20-22, 2021)

A three-day workshop via Zoom. An essential goal of this course is to approach data analysis from the perspective of understanding statistics and their relational formulas. The softwares that the participants will use in this workshop are FREEWARES, in other words, these are free and legitimate. JASP and JAMOVI have organizations are promoting these freeware other than STRATONE.

Course Description: Within this course, participants will study multivariate techniques, data transformation, bootstrapping, including model testing, decision tree workshop will serve as a refresher in basic statistics.

Course Objectives:

1. Review the fundamentals of statistics.

2. Learn how and when to use bootstrapping and data transformation.
3. Learn the application of advanced statistics.
